

SVALBARD INTEGRATED ARCTIC  
EARTH OBSERVING SYSTEM

... SIOS has annual calls for

### Access to SIOS research infrastructure

- Funding for physical, remote and virtual access, including airborne instrumentation

<https://sios-svalbard.org/RIAccess>

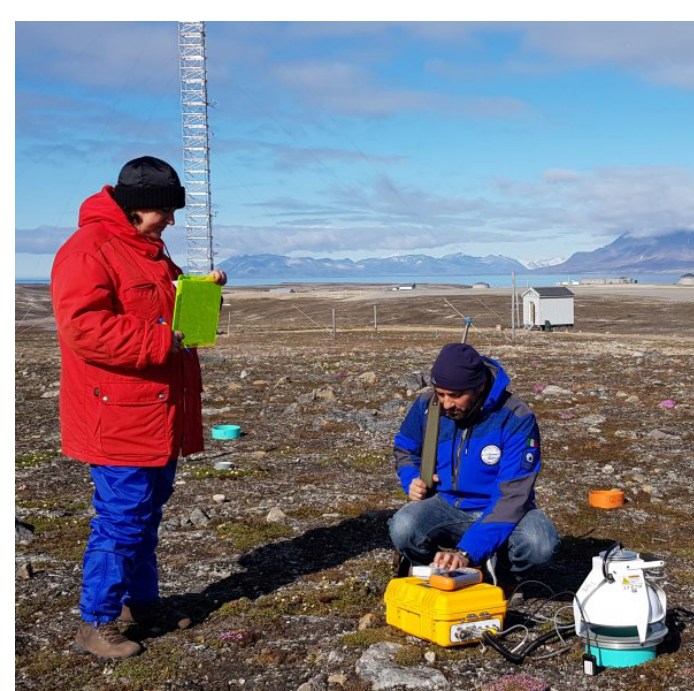

Photo: Angela Augusti

### Contributions to the SESS report

- Funding for report writing, data handling and associated workshops

<https://sios-svalbard.org/SESSreport>

... you can apply for a **secondment** with SIOS Knowledge Centre.

<https://sios-svalbard.org/Secondment>

... SIOS is providing **logistical services**.

- Logistics Sharing Notice Board
- Advice concerning legislation
- Office and storage space
- Car rental and hotel discounts

... and much more

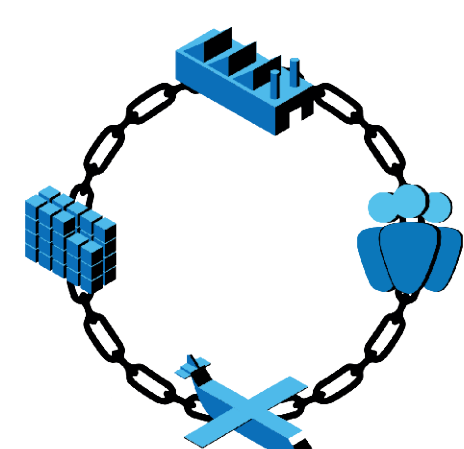

<https://sios-svalbard.org/Logistics>

... SIOS has an agreement with Pole Position.

- They can handle **transport of your cargo from start to destination** - no more worries about custom papers, connections, frozen or dangerous goods!
- Special offers for SIOS members are available upon request.

<https://sios-svalbard.org/PolePosition>

## Did you know ...

.... the **SIOS Polar Night Week** takes place every January.

- The annual meeting of the SIOS community
- Science seminars, working group meetings, plenary discussion

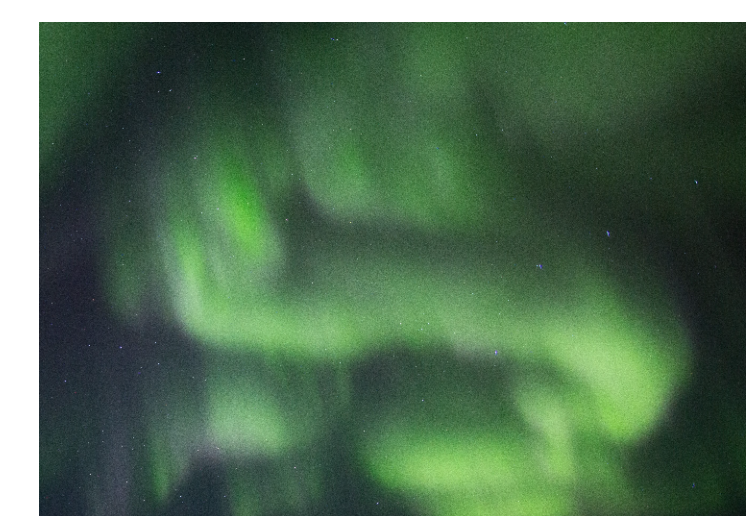

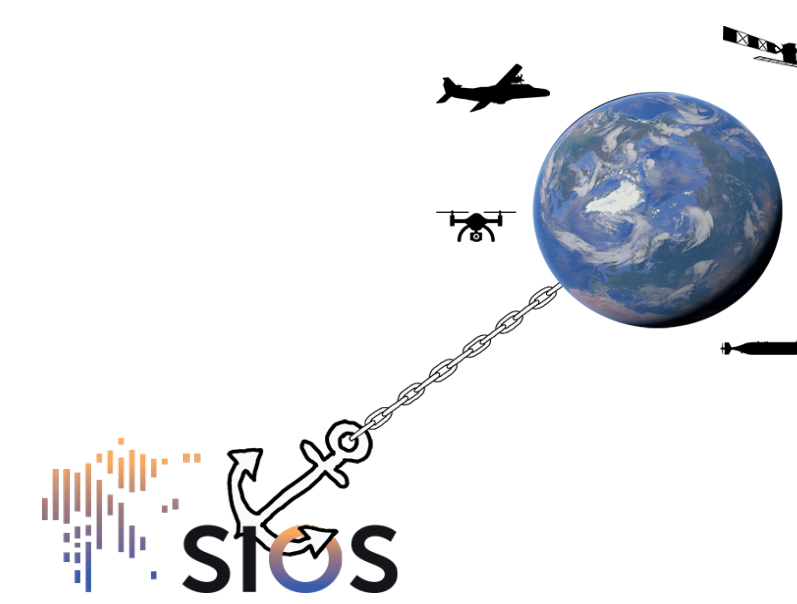

Photo: www.spitsbergen-svalbard.com

<https://sios-svalbard.org/PolarNightWeek>

.... SIOS has **monthly webinars** on topics related to remote sensing and the Earth System.

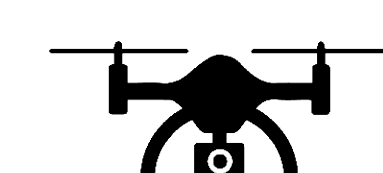

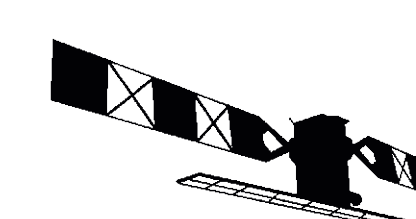

<https://sios-svalbard.org/RSWebinarSeries>

... SIOS is your single-point of contact for **remote sensing data and information** for Svalbard.

- Tools for acquisition of data
- Training courses
- Special issue in journal remote sensing
- General advice

<https://sios-svalbard.org/RemoteSensing>

... SIOS can help you with your **data management**.

- Live helpdesk at SIOS Polar Night Week
- Training, workshops and webinars
- Tools to standardise your data

<https://sios-svalbard.org/SDMS>

... you can find relevant datasets within Earth System Science in Svalbard in the **SIOS Data Access Point**.
